MOLINA MEDICAL GROUP SELECTS INSTYMEDS

(MINNEAPOLIS, MN) InstyMeds Corporation, the market leader in automated physician dispensing systems, was recently selected by Molina Healthcare of California to provide acute prescription medications directly to its patients.

Molina Healthcare of California is among the most experienced managed healthcare companies serving patients who have traditionally faced barriers to quality healthcare, including individuals covered under Medicaid, the State Children's Health Insurance Program (SCHIP), and other government-sponsored health insurance programs. InstyMeds will provide patients convenient access to prescription medications at 14 of Molina's clinics located in California starting this spring.

"InstyMeds powerful track record of over a million dispenses without a single error as well as the services they provide to ensure no extra work for our staff made them the best choice for a health organization like Molina," said Gloria Calderon, Vice President of California Clinic Operations. "We believe that these services will improve both our operations and our patient satisfaction and compliance."

"We are delighted to be selected as Molina's partner of choice for on-site prescription medication services," said Brad Schraut, CEO of InstyMeds. "InstyMeds is committed to making patients better quicker by making acute prescriptions readily available to all patients in need."

About InstyMeds

InstyMeds provides the only fully automated, ATM-style physician dispensing system for outpatient acute prescription medication services. InstyMeds currently operates in 25 states and continues to expand with a mission of making patients better, quicker, by providing immediate access to prescription medications. For more information, call 1-866-467-8963 or visit www.instymeds.com.

About Molina Healthcare

Molina Healthcare, Inc. (NYSE: MOH) is a multi-state managed care organization that arranges for the delivery of health care services to persons eligible for Medicaid, Medicare, and other government-sponsored programs for low-income families and individuals.
